REPORT OF SCHOOL BOARD.

In making our report for another school year we feel justified in saying that as a whole our schools have been a success; and some of them uncommonly successful. But we feel that we ought not to rest here but unite in an effort to make them perfect. This end can only be attained by perfect attendance and perfect harmony and co-operation of parents, scholars, and teachers. We should as parents feel our responsibility in this matter, and rightly appreciate the little schooling we have in our back towns, for an education is the best dowery parents can bestow upon their children. Something they cannot spend or squander, but a bank to draw from without stint.
